

# Voters Against Billions to Israel

**Last year Congress gave Israel \$23 billion, which works out to \$63 million per day. More of our tax dollars have been sent to Israel, the size of New Jersey, than to any other country on Earth.**

This despite the fact that in the past two years alone, Israeli forces have killed, maimed, and intentionally starved hundreds of thousands of children and made two million people homeless. Most experts term its actions genocide.

Find your  
Congressional  
District

Israel provides universal health coverage and heavily subsidized college tuition for its citizens, including free tuition to new citizens. Meanwhile, American families, cities, military veterans, and seniors are struggling to make ends meet.

Voters  
Against  
Billions

**It's time to tell our elected officials to stop sending our tax money to Israel!**

I will only vote for candidates who pledge to oppose sending my tax money to Israel.
